Class: Bible – Methods of Bible Study

Class Length: 36 weeks
Schedule: 5-day/week lesson plan

Resources needed:
- Corresponding lessons on SchoolhouseTeachers.com
- Journal for notetaking and research

Instructions: This suggested lesson plan is broken down into separate weeks and days. On the line beside each day, write the specific day of the month you would like your student to complete each assignment (consider writing dates in pencil). As your student completes each assignment, he/she can mark the check box beside it. When the entire lesson has been completed, come back to this page and mark the check box beside that lesson. Once the entire course has been completed, consider printing out a Certificate of Completion as well.

Use the note boxes on each page to provide further instructions, leave a message for your student, remind yourself about the details of a particular lesson, and so on.
